VISY

FOR A BETTER WORLD

Preserving freshness with glass

Visy's 500ml Dorica Oil bottle helps protect the quality, flavour and freshness of food while delivering a premium presence on shelf.

With its refined, slender cylindrical profile, the Dorica format combines timeless glass presentation with a shape designed to elevate your brand.

Available in Antique Green and Flint, it is ideally suited to olive oils and other specialty culinary oils, offering either enhanced product visibility or greater light protection dependant on the glass colour selected.

What makes Visy glass unique?

Visy glass is made using recycled material and is designed to be recycled again, making it the ideal sustainable packaging solution.

By using recycled materials to create new packaging, we reduce waste to landfill and energy use - protecting natural resources and lowering carbon emissions. It's a smarter, recyclable solution that can help your brand meet its sustainability targets.

It's better glass, **for a better world**.

The information in this brochure is provided at a point in time, being the date of this brochure, and may change without prior notice. This information does not constitute a warranty in relation to product performance. The performance of these product(s) may change due to many factors, including changes in our or your supply chain. This brochure is provided for general information purposes only and does not in any way supersede or amend any agreement you may have entered into with Visy governing the terms and conditions of supply.

More recycling, less landfill

Visy is Australia's largest vertically integrated recycler and remanufacturer.

We collect materials from households and businesses and turn them into sustainable packaging solutions, diverting valuable material from landfill and driving a circular economy for packaging.
