Lightweight Burgundy

750ml

2026

FOR A BETTER WORLD

Premium look with reduced impact

Visy's New Zealand made 750ml Lightweight Burgundy bottles, available in French Green and Antique Green, deliver a premium packaging solution.

Designed without compromising strength or shelf appeal, these bottles offer meaningful sustainability benefits through material reduction, lower transport emissions, and kerbside bin recyclable, helping to support a more circular future for glass packaging.

Shelf life
Glass offers extended product life

What makes Visy glass unique?

Visy glass is made using recycled material and is designed to be recycled again, making it the ideal sustainable packaging solution.

By using recycled materials to create new packaging, we reduce waste, pollution, and energy use - protecting natural resources and lowering carbon emissions. It's a smarter, recyclable solution that can help your brand meet its sustainability targets.

It's better glass, **for a better world**.

The information in this brochure is provided at a point in time, being the date of this brochure, and may change without prior notice. This information does not constitute a warranty in relation to product performance. The performance of these product(s) may change due to many factors, including changes in our or your supply chain. This brochure is provided for general information purposes only and does not in any way supersede or amend any agreement you may have entered into with Visy governing the terms and conditions of supply.

**Recycled content includes both internal and external cullet (recycled glass). Recycled content of products is not fixed and may alter from time to time due to changes in our supply chain.*

More recycling, less landfill

Visy is Australia's largest vertically integrated recycler and remanufacturer.

We collect materials from households and businesses and turn them into sustainable packaging solutions, diverting valuable material from landfill and driving a circular economy for packaging.
